

{ Reorganization and Expansion

The existing organization of the Israel network has depended on teachers and educators interested in this issue. The underlying assumption of the restructuring process is to upgrade the Net and institutionalize its activities by introducing an organizational structure and a set of procedures.

The following structure is aimed to enhance network activities by establishing a steering committee together with working teams.

3.1 Steering Committee

The committee's role is to implement UNESCO ASPnet policy into action in Israel. This includes the development of new ideas for expanding the network, coordinating the work carried out by the sub-committees and allocating funds for projects.

- The Steering Committee is chaired by the ASPnet National Coordinator.
- The Steering Committee membership consists of working teams chairpersons.

3.2 Working Teams

Membership — determines the criteria for membership, the absorption process of candidate

institutions and the approval of membership prior to submitting candidacy to UNESCO Paris.

Program/Projects — responsible for planning, reviewing, selecting, implementing and evaluating projects.

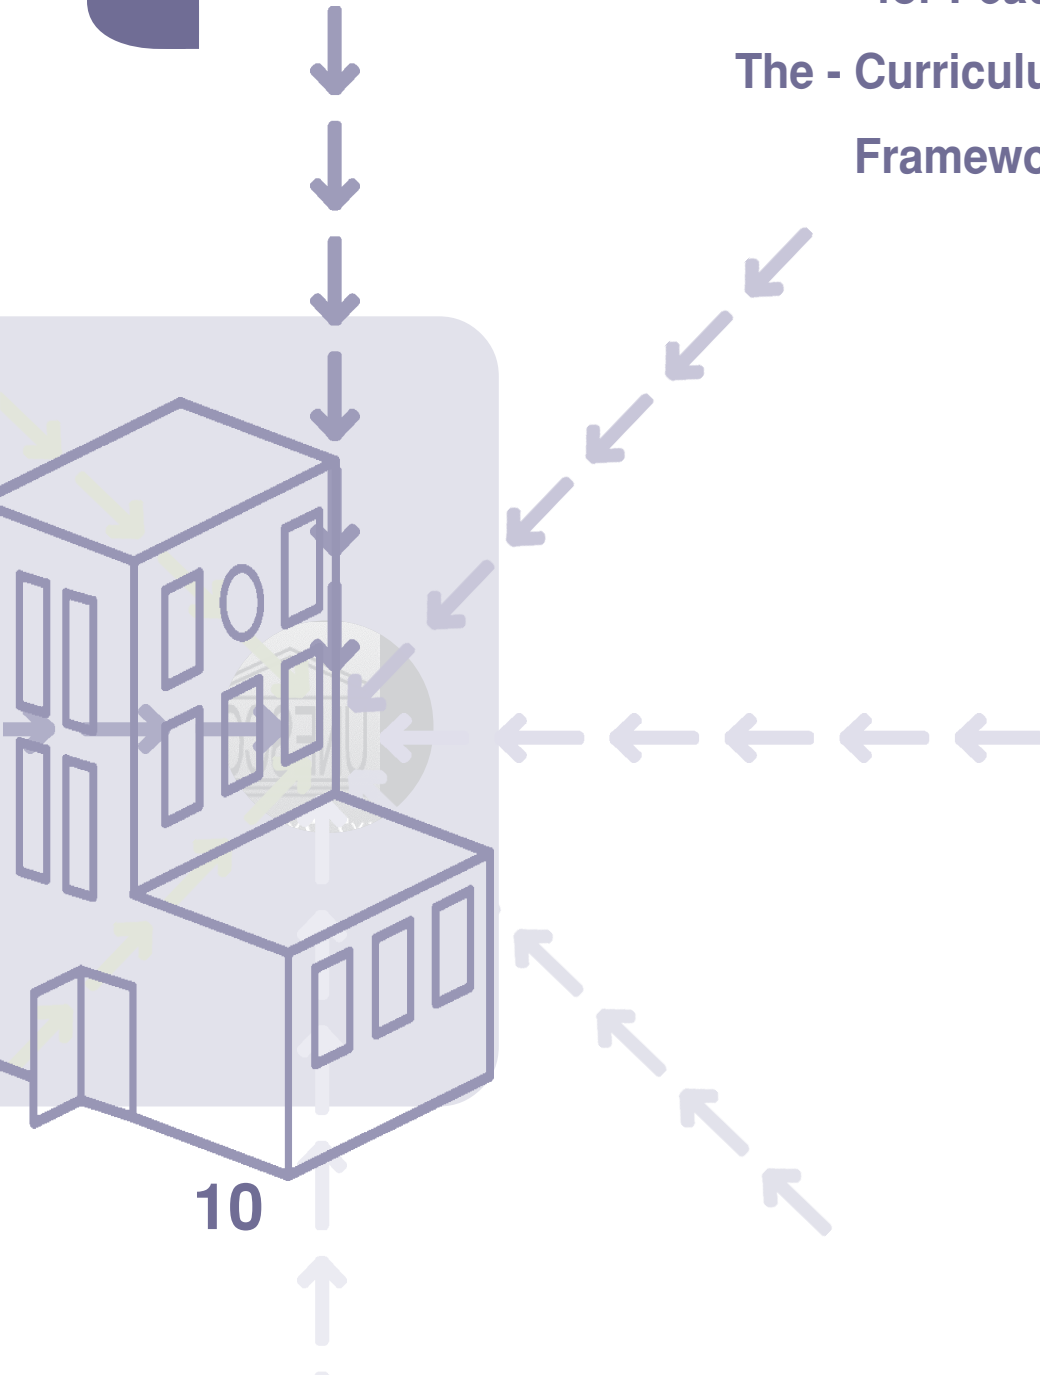

Public Relations/Publications — publicizes Network activities and produces the Annual Report. It is responsible for fund raising from various sources (industry, private sectors and the public) in conjunction with other organizations.

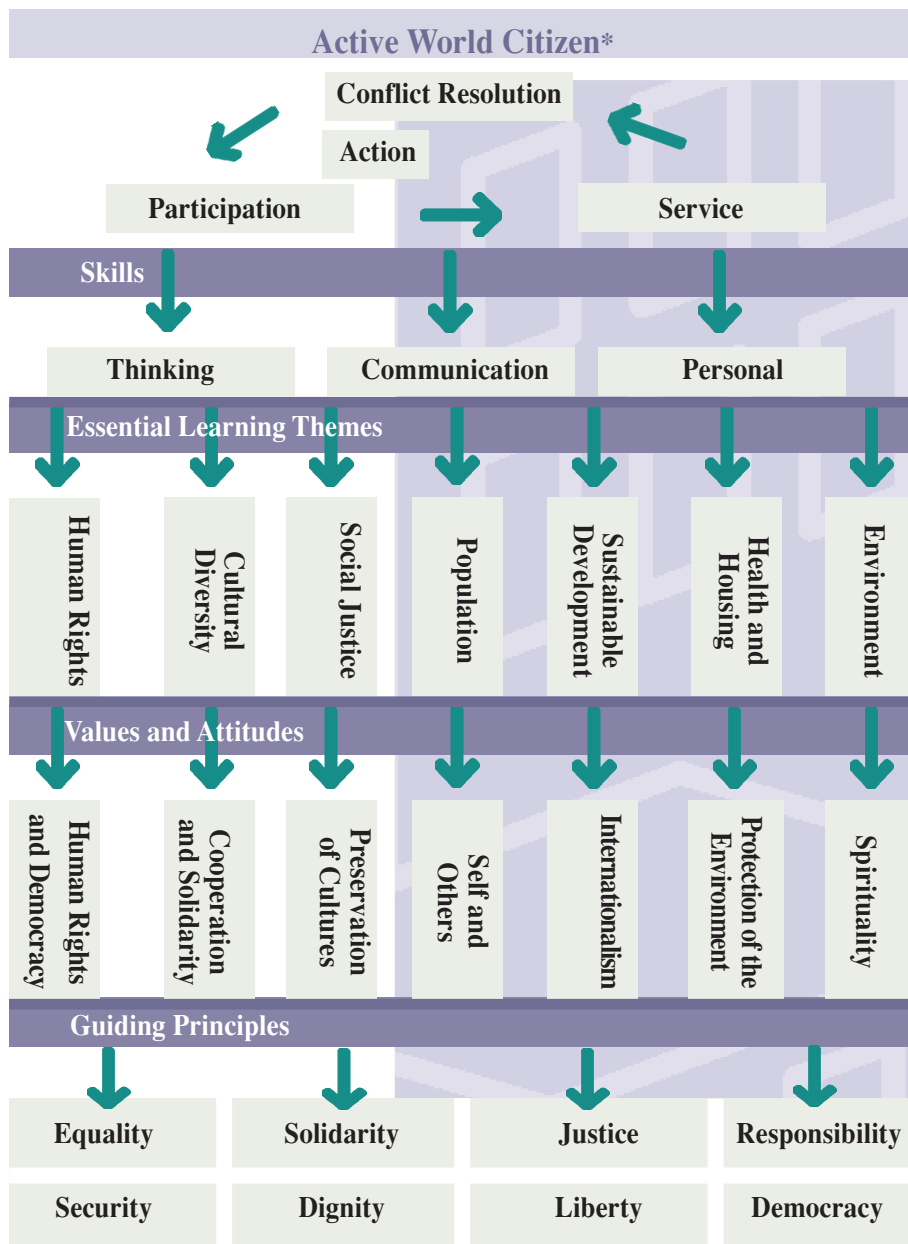

Delegation/Missions — sets procedure and criteria and selects appropriate candidates for various international activities abroad.
