

2. The Tasks of a National Coordinator

The following guidelines may be adapted to local conditions prevailing in each country:

- 1) Build up a network and information structure of a national ASP
- 2) Decide together with National Authorities and the National Commission for UNESCO about the membership of an individual school in ASP
- 3) Initiate, coordinate and advise on projects and ASP-related activities.
- 4) Encourage schools to make proposals to incorporate UNESCO awareness into curriculum development.
- 5) Motivate ASP schools and promote innovative ideas.
- 6) Foster the development of a national ASP concept and an individual UNESCO profile for each ASP school.
- 7) Organize annual meetings of representatives of all ASP schools in the country, teacher-training seminars, teacher and students' camps, etc.
- 8) Organize exchange of information between the ASP schools and their partners (bulletins, ASP folders, newsletters etc.) and inform the public of the activities of the ASP.
- 9) Cooperate closely with the relevant educational authorities in order to provide political, moral, logistical and financial support to ASP schools.
- 10) Cooperate with UNESCO and other national ASP coordinators.
